Decision

Matter of: Carter Contractors Company

File: B-257372.2

Date: July 27, 1994

DECISION

Carter Contractors Company requests reconsideration of our prior decision dismissing its protest of the cancellation of invitation for bids No. ROB96-02, issued on behalf of the Department of Energy by the agency's operating and management contractor Martin Marietta Energy Systems, for the construction of a landfill leachate collection system at Robins Air Force Base, Georgia. The earlier protest was dismissed as untimely because it was filed more than 10 days after the protester knew, or should have known, the basis for its protest.

We deny the request for reconsideration because the request provides no basis for reconsidering our prior decision.

The protester in essence repeats arguments it made previously and expresses disagreement with our decision. Under our Bid Protest Regulations, to obtain reconsideration the requesting party must show that our prior decision may contain either errors of fact or law or present information not previously considered that warrants reversal or modification of our decision. 4 C.F.R. § 21.12(a) (1994). The repetition of arguments made during our consideration of the original protest and mere disagreement with our decision do not meet this standard. R.E. Scherrer, Inc.--Recon., B-231101.3, Sept. 21, 1988, 88-2 CPD ¶ 274.
